Dear Colleagues:

The Needham Youth Commission has updated “Networks: A Directory of Area Mental Health Supports and Services” in an effort to assist mental health professionals in supporting Needham youth and families.

As you can imagine, the staff spent countless hours identifying resources, obtaining and verifying information, and inputting data. Despite the care and time we have devoted to this publication, it is not perfect. As you use it, please bear in mind that not all services/organizations are included and that some information may have changed in the time between our research and publication. “Networks” is simply a compilation of resources; a listing does not constitute an endorsement of a program or service (likewise any omissions do not indicate disapproval).

On the following page you will find a Table of Contents listing the sections of this book, followed by an alphabetical listing of all resources/organizations in the Networks book. In addition, in the beginning of each section you will find a listing of all resources within that section. Finally, we have included a section with information about the Needham Youth Commission. If you are not familiar with our mission, focus, or programs, please take a moment to read about our services.

**We want to acknowledge the Needham Domestic Violence Action Committee (DVAC) for underwriting this project ---- without their support you would not have this terrific resource!** You can read more about the DVAC in this publication. We also want to acknowledge past supporters, the Tolman Trust Fund and Exchange Club of Needham, as well as past and current staff who worked on the book over the years: Michelle David, Donna MacDonald, Karen Lee, Sarah Schneider, Sam Schachner, Carol Rosenstock, Jennifer Booth, Katy Colthart, Jon Mattleman, Vikki Clair, Meaghan Flaherty, Lindsey Roy, and Alexandra Hogan.

It is our hope that “Networks” allows you to better serve Needham youth and families.

Sincerely,

The Staff of the Needham Youth Commission  
March 2007

## Needham Domestic Violence Action Committee

Domestic Violence is a pattern of coercive control that one person exercises over another. Domestic Violence is the *actual or threatened* physical, sexual, psychological, or economic abuse of an individual by someone with whom they have had an intimate or significant relationship. The phenomena of “separation violence,” the history of victim blaming imbedded in the issue, and the fact that domestic violence affects people of all ages, races, cultures, religions and socio-economic backgrounds necessitates specific and directed attention in our community.

Established in 1997, the **Needham Domestic Violence Action Committee (DVAC)** is a community based interagency and interdisciplinary team formed to raise awareness of domestic violence, teen dating violence, elder abuse and other related issues in the Needham community. We educate the community, schools and workplace and provide them with outreach programs, resources and referral services. Members of our committee are comprised of Police Officers, Needham Health Department, Needham Youth Commission, League of Women Voters, Beth Israel Deaconess Needham Campus, Needham Council of Aging, Needham Exchange Club, Needham Metrowest Women's Club, REACH, Olin College, Needham Community Council and private citizens.

It has been the continued support of the community that has enabled us to make a difference. We have been able to:

- Provide mini-grants to those who wish to raise awareness of domestic violence on the community
- Purchase books on domestic violence, elder abuse, teen dating violence and bullying for the Needham Public Library
- Provide Rape Aggression Defense (RAD) classes for females
- Sponsor interactive plays for high school and middle school students on dating violence
- Award a \$500 scholarship to a high school senior who raises awareness of domestic violence (the scholarship has now been increased to \$1,000!).
- Provide brochures
- Provide direct services, education and other programs to provide safety in Needham

Our committee meets monthly. For dates and times or further information please contact Janice Berns @ 781-455-7523 (e-mail at [jberns@town.needham.ma.us](mailto:jberns@town.needham.ma.us)) or Belinda Carroll @ 781-455-7570 x281 (e-mail [bcarroll@town.needham.ma.us](mailto:bcarroll@town.needham.ma.us)).

## **What is Domestic Violence?**

*Domestic violence* is the actual or threatened physical, physiological, sexual, or economic abuse of an individual, by someone with whom they have or have had an intimate or significant relationship. Additional violent behavior and methods of coercion may include progressive social isolation, humiliation, intimidation, fear and deprivation.

*Domestic violence* is violence perpetrated by adults or adolescents against their intimate partners in current or former dating, married or cohabitation relationships.

*Domestic violence* **does not** discriminate. It affects persons of all cultures, religions, ages, sexual orientations, educational backgrounds and income levels.

## **Does it happen in Needham?**

The issue of domestic violence occurs across all ages, races, and economic groups. The Needham Police Department currently reports that there are 75 active restraining orders in town.

## **Abuse Checklist**

Does the person you love do any of these things?

- ✓ Makes you feel like you are walking on eggshells and changing your behavior to deal with his/her moods
- ✓ Ridicules or humiliates you
- ✓ Tries to control where you go and what you do
- ✓ You don't see family and friends to avoid his/her jealousy or anger
- ✓ Forces/coerces you to have sex or hurts you during sex
- ✓ Wants you to need him/her for money and expects you to support him/her
- ✓ Accuses you of having affairs
- ✓ Forces or coerces you to use drugs or alcohol
- ✓ Threatens you, screams at you, throws things, opens your mail, reads your journal, breaks or steals your things
- ✓ Uses your race, age, sexual orientation or identity, disability, immigration status, class, body size or appearance, religion, HIV status, etc. against you
- ✓ Slaps, pulls, shoves, hits, kicks, burns, punches, chokes or restrains you
- ✓ Withholds medications or puts you in situations that jeopardizes your health
- ✓ Blames his/her behavior on alcohol, drugs or a history of abuse
- ✓ Withholds sex as a way to humiliate or punish you
- ✓ Threatens to have your kids taken from you and/or abuses your kids

**If you answered yes to any of these, you may be in an abusive relationship.**

No one deserves to be hit, beaten, threatened, humiliated or subjected to physical or emotional harm. Abusive or violent dating relationships are unhealthy and can be dangerous. Ending a violent or abusive relationship may be difficult and dangerous. If you know someone who is being abused, express your concerns. Let's work together and make a difference.

The Needham Youth Commission operates as a mental health resource providing professional and confidential clinical and programmatic services. We provide support, information, and direction to youth on issues such as family, social, peer, stress, loss, alcohol, drug, and other youth-related concerns. We base our services upon a self-help philosophy in which youth utilize the expertise of the staff to expand their awareness and understanding, and eventually learn the skills to more effectively take control of their lives.

The Youth Commission regularly collaborates with civic and community organizations on a variety of projects, presents to groups on youth and family-related issues, and facilitates workshops on a range of mental health topics. The community's support of the Youth Commission is critical if we are to remain a stable and effective organization.

## CLINICAL SERVICES

### ***Individual and Family Counseling***

Confidential individual and family counseling is available from our trained and committed staff. We accept referrals from the schools, courts, and parents. If for any reason we cannot be of support, we provide referrals to organizations with the resources to be of assistance.

We have extensive experience in the facilitation of groups and feel that group counseling offers a unique opportunity for youth to gain insight into the process by which they and others think and act. A sampling of past group topics includes: conflict resolution, divorce/separation, decision-making, social skills, and family relationships.

### ***Substance Abuse Awareness Program***

This 15-hour assessment, education, and intervention program takes an innovative approach to the topic of alcohol and drugs. Participants investigate current levels of use and the internal and external motivations for their use of substances.
