

## UPDATES For Elliot Street/ Cook's Bridge- Central Ave

Pre-Bid Meeting Scheduled for ~~March 2, 2016~~ **March 10, 2016**

Bid Opening scheduled for ~~March 10, 2016~~ ~~March 17, 2016~~ **March 24, 2016 – Rescheduled by City of Newton**

One of the most important aspects in the rehabilitation of the Elliot Street Bridge is to minimize maintenance requirements and create a long-lasting structure. As shown above, concrete will be used to reinforce the deck. Micropiles of concrete will be drilled to improve the soils under the arches of the bridge. Original stones from the bridge will be incorporated into the new design. It is anticipated that Mobilization for the construction will begin in May 2016. More updates will be provided as information becomes available.
