

McKay Architects is a Dedham, Massachusetts based full service architecture firm with over 35 years of comprehensive experience in multi family and single family residential design, commercial design, interior design and project management.

Michael McKay, founding principal, specializes in a versatile, interactive design process with his clients, a process that blends program requirements, site/zoning/regulatory constraints and budget concerns. The completed designs and work result in an architecture that is timeless yet refreshing, unique yet contextual. Michael is a Registered Architect since 1987 and is licensed to practice in the Commonwealth of Massachusetts.

Regardless of project size, whether a 200 square foot kitchen/mud room renovation, a 300 seat full service white table cloth restaurant or a 50 unit apartment building, we provide a consistent approach from conception to completion. Typical services range from foundation design all the way to assisting in the selection of cabinet hardware.

It is our goal to always meet and enhance our reputation with our clients. We strive to leave every client completely satisfied with our services. This is evident by our completed project list that has numerous repeat clients and referrals
