The Town reserves the right to reject any and all bids as determined to be in the best interests of the Town and to waive minor informalities.</p>	

PART 1 – GENERAL CONDITIONS AND SUBMISSION REQUIREMENTS

1.01 Intent

The Town of Needham (hereinafter referred to as the "Town"), acting through its Town Manager, invites highly qualified bidders to submit sealed bids to perform all labor necessary for Micro-Surfacing Treatment.

All bids are subject to the provisions of M.G.L. Chapter 30, 39M. The Town will award the contract to the lowest responsible and eligible bidder as set forth in section 1.15. The Town of Needham reserves to itself the right to accept or reject any and all bids, or to allow or deny variations from these specifications. Such actions will be deemed to be in the best interest of the Town. Unless sooner rejected or accepted, all bid proposals must be firm and continue in effect for a minimum of ninety (90) calendar days from the date of bid opening.

1.02 Proposed Contract Term

The initial term of this agreement shall commence upon signature of the contract and end December 31, 2019. This agreement may be renewed or extended for up to two yearly extensions, through December 31, 2020 and December 31, 2021 respectively, at the sole option of the Town and upon the terms described in the Invitation for Bid. The maximum term of this contract will result in an ending date of December 31, 2021. The successful Bidder must enter into the Form Agreement prepared by Town Counsel (Sample Available Online).

The Town may terminate the Contract at any time upon written notice for any reason including its own convenience or for cause, including but not limited to, failure to perform the work required under the contract, failure to document satisfactorily to the Town amounts being charged, failure to have any necessary local, State or Federal licenses and/or permits, failure to pay any and all required taxes, failure to comply with any local, State or Federal regulations pertaining to services to be provided, failure to promptly correct any performance or lack of performance which conflicts with the Town's use, and failure for satisfactory behavior of all staff and management. In the case of a termination for cause, the Town shall give the Contractor a written notice as provided in the Agreement.

1.03 Pre-Bid Conference and Requests for Interpretation

Refer to Procurement in Brief for details.

Bidders shall promptly raise the issue of any ambiguity, inconsistency or error, which they may discover upon examination of the bid documents, the work site or any other conditions which apply to the work. Inquiries concerning any part of this Bid shall be directed to the individual(s) listed under the **Procurement in Brief**. Bidders should note that **oral communications are not binding on the Town and only written responses by the Town will be considered**. All requests/questions must be submitted in writing. Questions may be delivered by hand, fax or email as referenced under the **Procurement in Brief** by the deadline. Questions that may be asked during any pre-bid conference should also be sent in writing in order to receive an official response. Requests properly presented that in the opinion of the Town require interpretation, correction, or change in the Bid Documents will result in an issuance of an Addendum to the Bid Documents. Such Addendum shall subsequently become part of the contract. The Town will forward responses to all persons who are on record as receiving the bid package. Questions received after the due date will not be responded to unless the Town determines it is necessary. Bidders, please allow enough time for hand delivery or facsimile transmissions.

1.04 Information About Changes to the Bid (Addenda)

In the event that changes/additions are made to this bid, an addendum will be issued to every person (entity) on record as receiving the bid package. Addenda will be emailed, if an email address was not provided, then it will be faxed. If a fax number was not provided, then the addenda will be mailed. Addenda will also be posted to the website. Please check back on the website for addendums before submitting your bid to the Town. Bidders may not be notified individually of Addendums.

1.05 Bid Submission

The bidder shall submit his/her proposal upon the bid forms supplied within these specifications. The bidder shall specify the unit prices as requested for each bid item. All bids shall be signed correctly with ink; in order to qualify, the bidder must provide bids for each required item within a section. All bids shall be submitted to the Director of Finance and Administration, Town of Needham, Administration Office, 500 Dedham Avenue, Needham, MA 02492. Each bid shall be sealed in an envelope on which is clearly indicated: Name & Address of Bidder, IFB 20DPW015C, Micro-Surfacing Treatment, due at 11:00AM on June 28, 2019. All submitted bids shall include Invitation for Bids, Bid Information, Bid Scope of Work, and all Addenda issued, and all portions of the BID FORMS must be completed and submitted in order for a submission to be deemed acceptable. Bidders will submit insurance certificates validating current coverage at the time of bid submission. Bids received at the Administration Office after the time of opening of bids designated in the IFB will be returned to the bidder unopened. Bids will be publicly opened and read aloud after the bid due date in the Charles River Room at the Public Services Administration Building, 500 Dedham Avenue, Needham, MA 02492.

1.06 Bid Deposit

All bids must be accompanied by a bid deposit in an amount that is not less than five percent (5%) of the value of the bid. They shall be made payable to the Town of Needham and shall be in the form of certified check, treasurer's or cashier's check issued by a responsible bank or trust company, or a bid bond issued by a surety licensed to do business in the Commonwealth of Massachusetts; and shall be conditioned upon the faithful performance by the principal of the agreements contained in the bid.

1.07 Bid Form

All bids must be made on the attached bid forms.

Bids shall be firm for the duration of the contract. No price adjustments will be allowed. Fuel surcharges or vehicle charges or adjustments will not be allowed. Payment for materials and/or service will be made only after satisfactory performance or all requirements of the specification and upon approval by the Director of Public Works or his designate. The Town reserves the right to accept or reject any or all bids, wholly or in part, and to make the award in the best interest of the Town.

1.08 Bond Requirements

If the value of the contract is over \$25,000 or more, the following shall apply:

LABOR & MATERIALS BOND (PAYMENT BOND)

Pursuant to M.G.L. c. 149, § 29, the Contractor shall furnish a payment bond from a surety company qualified to do business under the laws of the Commonwealth of Massachusetts and satisfactory to the Town, in an amount of one half of the total Contract price for payment for labor performed or furnished and materials used or employed therein, when the Contract is executed. The payment bond shall be on the form provided by the Town.

It is distinctly agreed and understood that any changes made in the drawings and specifications for this work, whether such changes increase or decrease the amount of work required, or any change in the manner or time of payments made by the OWNER to the CONTRACTOR, shall in no way void, release or affect the liability and surety on the bond given by the CONTRACTOR.

1.09 Insurance Requirement

Insurance Certificates indicating coverage for general liability, property damage, and workers' compensation as outlined in Sample Agreement available online, and must include the Town of Needham as additionally insured (at time of award). The selected bidder shall take out and maintain during the life of this contract Workers' Compensation Insurance for all employees employed on the site of this project,

in a manner and to the extent provided by Chapter 152 of the General Laws, and shall provide the Town with written evidence showing compliance with this statute at the time of award.

The selected Bidder shall indemnify and save the Town harmless from and against all claims, suits, damages and outlays resulting from or by reason of loss, damage or injury of or to any person or property, wherever located which shall be caused by any action or operation under this agreement.

1.10 OSHA Training

The bidder certifies that all employees to be employed at the worksite shall have successfully completed a course in construction safety and health approved by the United States Occupational Safety and Health Administration that is at least ten (10) hours in duration at the time the employee begins work and shall furnish documentation of successful completion of said course with the first certified payroll report for each employee (Chapter 306 of the Acts of 2004).

1.11 DCAM Certification

DCAM Certification as a General Contractor for this project is not required.

1.12 Statement of Compliance

The CONTRACTOR shall submit a Statement of Compliance stating that persons employed by the award recipient are paid in accordance with the provisions of Sections 26 to 27H of Chapter 149 of the General Laws (i.e. "The Prevailing Wage Law"). The selected Bidder will not be permitted to either assign or underlet the contract, nor assign either legally or equitably any monies there under, or its claim thereto without the previous written consent of the Town.

1.13 Prevailing Wage Rates

The state prevailing wage law, MGL Chapter 149, Section 27B requires contractors and subcontractors to submit certified payroll records to the Town. Contractors and subcontractors must submit weekly payroll records either by (1) first class mail, or (2) electronic mail. Furthermore, every weekly submittal of payroll records must contain a signed statement by the employer that indicates (1) that the records are correct, and (2) the rate of wages that each worker receives. Please feel free to contact the Department of Labor Standards at (617) 626-6953 if you have any questions. Questions about enforcement of the prevailing wage law may be directed to the Attorney General's Fair Labor and Business Practices Division at (617) 727-3465.

1.14 Duration of Bid Prices

All bids are to remain valid for 90 days after the opening of the bids.

1.15 Contractor Selection

The Town will review all bids, and will award the contract to the lowest responsible and eligible bidder based upon the total bid price for year one.

The Town reserves to itself the right to accept or reject any and all bids, or to allow or deny variations from these specifications.

In the event that there is a **tie bid** between two (2) responsible and eligible bidders, the award of the contract will be determined by a coin toss. The bidder's whose submission was received earliest shall be assigned "Heads" in the coin toss. In the event that there is a **tie bid** with three (3) or more responsible and eligible bidders, the award shall be made by a draw by lot limited to those bidders. The coin toss/draw by lot shall be scheduled within two (2) business days from when it was determined by the Town to be a tie bid. The bidders involved shall be given an opportunity to attend. The coin toss/drawing shall be witnessed by at least three (3) Town officials. The tie breaker event shall be held at the location of bid submission during regular business hours.

Upon Vendor selection, the Town of Needham will mail to the selected Vendor(s), three (3) contracts to be executed by the Vendor(s) and returned to the Town of Needham with the appropriate insurance certificates. The Town of Needham will then counter execute the three (3) contracts and return one complete contract to the Vendor(s). The Town's Standard Contract is available online. Bidders are expected to review the sample contract "Short Form Agreement". Unless otherwise noted by the Town, the terms and conditions contained therein are **NOT** negotiable.

It is the intention of the Town of Needham not to award a contract under this or any other proposal if the Contractor cannot furnish satisfactory evidence that he/she has the ability and experience to perform this class of work and that he/she has sufficient capital and equipment to enable him/her to prosecute the work successfully and to complete it within the time named in the contract. The Town of Needham reserves the right to reject this or any other proposal or to award the contract as is deemed to be to the best interest of said Town.

1.16 General Safety, Licenses, & Performance

The contractor's personnel working on this project must hold all necessary licenses and permits to perform the work required under this contract as required by the Town of Needham under the Commonwealth of Massachusetts regulations. The contractor must submit the names and all qualifying materials of the site supervisor that will be assigned to this project. All work will be done in accordance with applicable industry standards, codes and regulations, and/or manufacturer's specifications. Contractor is responsible for providing adequate safety measures during work to ensure protection of life and property. Any Town buildings, grounds and surrounding property damaged by the selected contractor will be restored to its original state, at the cost of the selected contractor.

The contractor shall be informed that there is a thirty (30) day cancellation clause in this contract for improper service. Complaints not rectified within a reasonable length of time from day of notice as determined by the Town may cause the Town to notify the contractor by registered or certified mail that the contract will be cancelled thirty days from the date of the letter. Any defective workmanship shown to be caused by improper or faulty installation shall cause the Contractor to correct, repair and/or replace all material and labor at no cost to the Town. The Contractor will warrant that all workmanship shall be first class and shall be performed by persons qualified and licensed in their respective trades.

Any additional work that is performed beyond this agreement must be approved by the appropriate Town authority. The absence of approval from the appropriate Town authority will be considered a violation of the contract.

1.17 Site Maintenance and Inspection

The selected contractor will be responsible for maintaining the work site in a safe and orderly fashion on a daily basis. The contractor is responsible for the proper securing of all items associated with the project, including but not limited to: debris, tools, material, scaffolding, ladders, etc. The contractor is responsible for the repair or replacement of any item, equipment, space or area which may be damaged by the contractor during the execution of this project. The contractor is responsible for the removal and disposal of all debris and materials generated from this project.

1.18 Private Property

Before any work is performed on private property, the Contractor must have in his/her possession a RIGHT OF ENTRY form signed by the property owner. The Town may assist the Contractor in obtaining permission.

1.19 Dig Safe Law

Before proceeding with excavation operations, the Contractor shall notify the State of Massachusetts Underground Plant Damage Prevention System (Dig Safe) at 1-888-344-7233, and shall make such supplemental investigations.

1.20 Private Utilities Coordination

Coordination with private utilities is the sole responsibility of the contractor (including natural gas, electricity, telephone, cable, etc.). The contractor shall be responsible for notifying Dig Safe prior to any start of work. Any assistance the Town may offer in coordinating with private utilities shall not absolve the contractor's responsibility to coordinate with private utilities as necessary to accomplish the contract work. The contractor shall be responsible and liable for all damages to the existing utilities and structures.

1.21 Public Utilities Coordination

Coordination with public utilities is the sole responsibility of the contractor (including water, sewer, and drain). The contractor shall be responsible to call the Water, Sewer & Drain Inspectors at least 48 hours prior to the start of work to schedule said inspections at 781-455-7550, Mon.-Fri. 8:30 am - 5:00 pm. The Water Sewer, & Drains Inspectors must inspect the work. Any assistance the Town may offer in coordinating the public utilities shall not absolve the contractor's responsibility to coordinate with public utilities as necessary to accomplish the contract work. The contractor shall be responsible and liable for all damages to the existing utilities and structures. At the contractor's request the Town will supply water from hydrants for work. The use and operation of Town of Needham fire hydrants is restricted to Town employees only. The Town will set up a fire hydrant connection assembly each day to supply water as needed. The contractor is responsible for proper connection to the hydrant assembly and may operate the click valve only.

1.22 Traffic Controls

The Contractor shall furnish all local Police Officers to direct traffic and to keep the traffic off any part of the roadway in which construction is being carried out on, as, in the opinion of the Engineer are necessary for such purpose. Arrangements for officers shall be made well in advance of the work schedule for each day. If for any reason the Contractor cancels work for that day, and the Needham Police Department is not given advance notice, the Contractor will be responsible for that officer's wages. If the contractor has performed work that has not been accepted by the town and has to be redone to meet the specification, then the contractor is responsible for the expense of the police details due to poor workmanship or warranty issues. Except in the instance above, the Owner will reimburse the Contractor for all other police details. The contractor must submit payments directly to the Needham Police Department or other police department's that have supplied officers to the job site and supply copies of invoices showing invoice has been paid to the Department of Public Works as proof of payment.

1.23 Material Disposal

The Contractor, at no additional cost to the Town, shall dispose of all material that has been removed from each location.

1.24 Quantities

Unless otherwise stated, the quantities set forth herein are ESTIMATES ONLY. Any quantities indicated on the Bid Price Form or elsewhere in the bid package are estimates only and are given solely as a basis for the comparison of bids. The Vendor shall have no claim for additional compensation, or refuse to do the work called for, or provide the requested items, by reason of the actual quantities involved being greater or lesser by any amount than those called for in the bid.

1.25 Subcontracting

The Contractor shall keep the work under his personal control and shall not assign by power of attorney or otherwise, or sublet the work or any part thereof, without the previous written consent of the Owner. Should the Contractor require the services of one or more sub-contractors, the Contractor shall submit to the Owner, at the time of submittal of bids, the name and references for the sub-contractor(s) for review and approval by the Owner. Said sub-contractor(s) shall not begin any work or bring any equipment, etc., onto the site until such approval is given. Under no circumstances shall the Contractor sub-contract more

than forty percent of the work on the project. The Contractor shall be responsible for the operations of any sub-contractor(s) and the sub-contractor shall be subject to the directions of the Contractor's Project Supervisor.

1.26 Invoices & Reporting

Upon verification that the work has been completed, invoices must be sent to Town of Needham, Finance and Administration Division, Department of Public Works, 500 Dedham Avenue, Needham, MA 02492. Each bill shall contain a cover sheet listing the broken out labor and materials cost, and back-up documents including materials costs, and other relevant information. Certified payroll will be required. Invoices shall not be processed for payment until the above information is provided in a format acceptable to the Director of Finance and Administration or their designee. Invoices for on-call services must specify the cost of labor, hours worked, and cost of materials for each project. Invoices shall be itemized by units and by location or project.

1.27 Payment

Payment shall be made on the amount of work performed based upon the unit prices placed on the bid forms. Payment shall be made upon submission of an invoice and acceptance of the work by the Director of Public Works, or his designated agent. The payment of these amounts shall be considered full and complete payment for all labor, material and equipment necessary, including traffic control, to perform the specified work.

The Town will not be responsible for payment of any charges not itemized to the Town's satisfaction. Pre-payment is NOT allowed. Invoices must include the Town's purchase order number.

Invoices for additional services must include the date and times of the work, the type of the services performed; the number of hours or units to be charged, and the name of the person who authorized the work.

1.28 CORI/SORI

See Article 30 of Sample Agreement.

1.29 Supplemental Equal Opportunity Anti-Discrimination & Affirmative Action Program

This contract is subject to the Supplemental Equal Opportunity Anti-Discrimination and Affirmative Action Program (EEO/AA) provisions attached to the Project Manual.

1.30 Submission Requirements

Quality Requirements

- ✓ **All bidders must furnish proof of a minimum of three (3) continuous years in business.**
- ✓ **All bidders must provide owner contact information for five (5) projects applying the highly modified asphalt (HiMA 6% SBS polymer) variation of micro-surfacing completed within the last five (5) years.**
- ✓ **At least two (2) of the bidder's micro-surfacing field supervisory personnel must have completed AASHTO TSP2 training and successfully passed the Slurry Systems certification exam administered by the National Center for Pavement Preservation (NCPPI).**
- ✓ The bidder shall submit their proposal upon the bid forms supplied within these specifications. The bidder shall specify the unit prices as requested for each bid item. All bids shall be signed correctly with ink; in order to qualify, the bidder must provide bids for each required item within a section.

Submission Requirements

1. The bid is to be submitted and addressed as follows: Director of Finance and Administration, PSAB, 500 Dedham Ave., Needham, MA 02492.
2. The bid is to be clearly marked: IFB 20DPW015C, Micro-Surfacing Treatment.
3. Bidder must acknowledge all addenda related to this IFB, if any.
4. Bidder must submit a completed **Bid Form A: Bid Form** or an exact copy, signed by an individual authorized to negotiate for and contractually bind the Bidder. All prices must be reflective of all costs for delivery. No price adjustments will be allowed. Fuel surcharges or vehicle surcharges or adjustments will not be allowed.
5. Bidder must submit a completed **Bid Form B: Bidder Information Response** form.
6. Bidder must submit a completed **Bid Form C: Authentication Form**.
7. Bidder must submit a signed **Bid Form D: Certificate of Good Faith**.
8. Bidder must submit a completed **Bid Form E: Certificate of Compliance with Massachusetts Tax Laws** or Certificate of Good Standing issued by the Massachusetts Department of Revenue.
9. Bidder must submit a completed **Bid Form F: Certificate of Compliance for Public Construction More than \$10,000.00**.
10. Bidder must provide the required number of references. For each, provide the following: a contact person and title, customer's name, address, telephone number, email, and a brief description of the actual services provided (sample format included in bid package).
11. Bidder must submit a completed **Bid Form H: Certificate of Authority** (attached) or **Corporate Resolution**; if applicable.
12. Bids must be received and time stamped no later than the deadline stated in the **Procurement Schedule** (Where and When Bids are Due). LATE BIDS WILL NOT BE CONSIDERED.
13. A **Bid Deposit** is required.
14. Delivery will be at the expense of the Bidder. Any and all damages that may occur due to packaging or shipping will be at the sole responsibility of the Bidder.
15. Any additional requirements as required in the Scope of Service.

The Town reserves the right to reject any and all bids as determined to be in the best interests of the Town and to waive minor informalities.

PART 2 – SCOPE OF WORK

2.01 General

Micro-surfacing is a smooth and durable thin overlay material which can restore the original service properties to worn but structurally sound pavements. Its properties are based on a blend of select crushed aggregate and a sophisticated chemical formulation of asphalt cement, cationic emulsifiers, additives, and polymers. This specification covers all materials, equipment, construction and application procedures for rut filling and/or surfacing of existing paved surfaces. The micro-surfacing shall be a mixture of cationic, polymer-modified asphalt emulsion, mineral aggregate, mineral and field control additives, and water, properly proportioned, mixed and spread on the paved surface in accordance with this specification and as directed by the Engineer.

For this contract, additional micro-surfacing mixture additives shall be utilized for the purpose of improving performance and durability. These mixture additives shall include heavy polymer dosages in the emulsion (6% SBS polymer and referred to as "HiMA", or "Highly Modified Asphalt"), and all additives shall be homogeneously blended with the other micro-surfacing components.

2.02 Hours of Work

Normal hours of work shall be between the hours of 7:00 am and 3:30 pm, Monday through Friday, unless otherwise specified. No work shall be performed on Saturdays, Sundays, Holidays, or any other times other than normal hours of work without express permission from the Director of Public Works or his designee. All work in this contract will be identified by the Director of Public Works and shall be constructed in accordance to Town Specification or as directed by the Director.

2.03 Response Time

The contractor must designate an employee or contact with the authority to speak on behalf of the contractor for initiating requests for service. The Town will select a designee or designees to initiate work on behalf of the Town.

A request for service will be generated in writing (including email, mail, and fax) for work as scheduled. For emergency work, the first point of contact may be a phone call with a follow up written request.

Contractor must respond to emergency calls within two (2) hours after receipt of notification. Contractor must respond to on-call immediate response calls within forty-eight (48) hours after receipt of notification. Contractor must respond to scheduled work within forty-eight (48) hours after receipt of notification and schedule work to be completed within two (2) weeks.

Failure to meet these obligations may subject the contractor to penalties of \$500 per business day for noncompliance. Failure to meet these objectives may subject the contractor to loss of contract and the contractor may assess the difference between their bid price and the next lowest responsible and eligible bidder.

2.04 Supervision

The contractor shall designate a project supervisor in writing upon a receipt of awarded contract. Any change in supervision shall require the prior approval in writing of the Director of Public Works or his designee. Failure of the contractor complying with this requirement may result in the Town, after one written warning, and at its sole option, charging a penalty of \$200 per day until an approved project supervisor is on site. The project supervisor shall be present at each project during the execution of work. Once project has begun, the contractor shall pursue and coordinate all work in a continuous and diligent manner until all work is completed, unless otherwise directed by the Director of Public Works or his designee. The contractor shall employ a minimum of one (1) competent worker on site daily. Failure to comply with this requirement may result in a penalty of \$200 per business day of noncompliance as determined by the Director of Public Works.

During completion of the work, the contractor will be required to have at least two (2) AASHTO TSP2 Slurry Systems certified employees including the crew foreman assigned to the job and present at all times when micro-surfacing work is being performed.

2.05 Specifications

Materials

- a. Emulsified Asphalt: The emulsified asphalt shall be a quick-set, polymer-modified cationic type CSS-1H emulsion, and shall conform to the requirements specified in AASHTO M208 and ASTM 2397. It shall pass all applicable storage and settlement tests. The SBS polymer shall be milled into the emulsion or blended into the unmodified base asphalt. The cement mixing test shall be waived for this emulsion.
 1. HiMA (6% SBS) Micro-Surfacing Residue Properties

Emulsion testing by distillation method (ASTM D5 or AASHTO T49) shall yield a Softening Point (ASTM D36 or AASHTO T53) not less than 170 degrees F.
- b. Aggregate:
 1. General

The mineral aggregate used shall be of the type and grade specified for micro-surfacing. The aggregate shall be manufactured crushed stone such as granite, slag, limestone, chat, or other high quality aggregate or combination thereof.
 2. Aggregate Physical Requirements
 - Grading - The aggregate including natural fines when tested by AASHTO methods T11 or T27 or ASTM C117 or C136, should meet the referenced gradation requirements.
 - Deleterious Substances - To limit the permissible amount of clay-like fines in an aggregate, a sand equivalency value of 65 or higher is required when tested by ASTM 2419.
 - Soundness - The aggregate shall have a weighted loss of not more than 15% when the sodium sulfate test is used, or 20% when the magnesium sulfate test is used.
 - Hardness - The aggregate wear, from resistance to abrasion, shall be a maximum of 35% when using AASHTO T96 or ASTM C131 test methods.
- c. Water: The water shall be potable and shall be free of harmful soluble salts.
- d. Modifier: Special quick-setting emulsifier agents shall be milled into the asphalt emulsion. The emulsified asphalt shall be so formulated that when the paving mixture is applied at a thickness of one inch with the relative humidity at not more than 50% and an ambient air temperature of at least 75 degrees F, the material will cure sufficiently so that rolling traffic can be allowed in one hour with no damage to the surface, as verified by the Engineer.
- e. Additives: A mineral additive shall be introduced to the aggregate and may be any recognized brand of non-air entrained Portland cement or hydrated lime that is free of lumps, or other approved mineral additive. It may be accepted upon visual inspection. The amount of mineral additive needed shall be determined by the laboratory mix design and will be considered as part of the material gradation requirement.

A liquid field control additive may be introduced and blended with water to provide effective control of the required quick-set properties. This additive shall be made available by the chemical supplier or emulsion manufacturer, and certified to be compatible with the mixture.

Equivalency

The Contractor may furnish items that are equal to the specified items in the IFB documents.

An item is considered equal if it:

- Is at least equal in quality, durability, appearance, strength, and design;
- Will perform the intended function at least equally; and
- Conforms substantially, even with deviations, to the detailed requirements contained in the specifications.

It is the sole discretion of the Town to determine whether a submitted item is equal to the bid item specified. Contractors must submit all backup documentation, including but not limited to shop drawings or Safety Data Sheets (SDS).

Engineering

- General: Before work commences, the contractor shall submit a signed and certified mix design covering the specific materials to be used on the project. This design shall be performed by an AASHTO resource accredited facility specifically accredited for Pavement Preservation and micro-surfacing mix designs. Proof of such AASHTO accreditation shall be submitted with the mix design. Once the materials are approved, no substitution will be permitted unless first tested and approved by the laboratory preparing the mix design.
- Mix Design: The AASHTO resource accredited laboratory shall develop the job mix design and present certified test results for the contractor’s approval. Compatibility of the aggregate and emulsion shall be verified by the mix design. The job mix formula shall meet standard ISSA A143 micro-surfacing mix design requirements. All component material used in the mix design shall be representative of the material proposed by the contractor for use on the project.
- Specifications: The Engineer shall approve the design mix and all micro-surfacing materials and methods prior to use. The component materials shall be within the following limits.

Residual Asphalt – 5% to 9% by dry weight of aggregate
 Mineral Additive – 0.5% to 3% by dry weight of aggregate
 Polymer Modifier and Field Control Additive – As required to provide specified properties
 Water – As required to produce consistency
 Aggregate - Recommended Gradations:

	<u>Type II</u>	<u>Type III</u>
<u>Screen Size</u>	<u>% Passing</u>	<u>% Passing</u>
3/8"	100	100
#4	90-100	70-90
#8	65-90	45-70
#16	45-70	28-50
#30	30-50	19-34
#50	18-30	12-25
#100	10-21	7-18
#200	5-15	5-15

Suggested Application Rates:

Type II - Urban and Residential Streets and Airport Runways

- single course = 18-20 lbs./s.y.
- cape seal wear course = 25-28 lbs./s.y.
- double course = 30-32 lbs./s.y.

Type III - Interstate Routes

- double course = 30-36 lbs./s.y.
- wheel ruts = as required

All application rates above are dry aggregate weights exclusive of emulsion and all other additives.

Equipment

- General: All equipment, tools, and machines used in the performance of this work shall be maintained in satisfactory working condition at all times to ensure a high quality product.

2. **Mixing Equipment:** The material shall be mixed by a self-propelled micro-surfacing mixing machine which shall be a continuous flow, continuous run mixing unit able to accurately deliver and proportion the aggregate, emulsified asphalt, mineral and field control additives, and water to a revolving multi-blade twin shafted mixer, and discharge the mixed product on a continuous flow basis. The contractor shall own and have available two (2) continuous flow, continuous run mixing machines to ensure highest quality, and to mitigate the effect of equipment breakdowns. The machines shall have sufficient storage capacity for aggregate, emulsified asphalt, mineral and field control additives, and water to maintain an adequate supply to the proportioning controls. The machines shall be equipped with self-loading devices which provide for the loading of materials while continuing to lay micro-surfacing, thereby minimizing construction joints.
3. **Proportioning Devices:** Individual volume or weight controls for proportioning each material to be added to the mix, i.e., aggregate, emulsified asphalt, mineral and field control additives, and water shall be provided and properly marked. These proportioning devices are usually revolution counters or similar devices, and are used in material calibration and determining the materials output at any time.
4. **Emulsion Pump:** The emulsion pump shall be a heated, positive displacement type pump.
5. **Spreading Equipment:** The surfacing mixture shall be spread uniformly by means of a mechanical type spreader box attached to the mixer, equipped with paddles to agitate and spread the materials throughout the box. The spreader box width shall be capable of adjustment while paving in order to accommodate the changing width of some roadways without excessive overlaps. A front seal shall be provided to insure no loss of the mixture at the road contact point. The rear seal and secondary strike-off shall act as the final strike-off, and both shall be adjustable. The mixture shall be spread to fill cracks and minor surface irregularities, and leave a uniform skid resistant application of material on the surface. The spreader box and rear strike-off shall be so designed and operated that a uniform consistency is achieved to produce a free flow of material to the rear strike-off. The longitudinal joint where two passes join shall be neat in appearance, uniform and lapped. All excess material shall be removed from the jobsite prior to opening the road. The spreader box shall have suitable means provided to side-shift the box to compensate for variations in pavement width and longitudinal alignment. A rut box shall be available to pre-fill wheel ruts when necessary prior to overlay to eliminate puddles or runoff interruption. The rut box shall be no less than 4' wide and no more than 6' wide.
6. **Auxiliary Equipment:** Suitable surface cleaning equipment, traffic control equipment, hand tools and any support equipment shall be provided as necessary to perform the work.
7. **Screening Plant:** All aggregate shall be rescreened immediately prior to being loaded onto micro-surfacing equipment. The screening plant shall be equipped with a 3/8" screen to remove all oversized aggregate, and shall be capable of discharging screened aggregate directly onto the support equipment. Any material discharged onto the ground must be rescreened prior to use.

Machine Calibration

Each mixing unit to be used in the performance of the work shall be calibrated in the presence of the Engineer prior to construction, or previous calibration documentation covering the exact materials to be used may be acceptable provided they were made during the same calendar year. The documentation shall include the individual calibration of each material at various settings, which can be related to the machine metering devices.

Weather Limitations

The material shall be spread only when the road surface and atmospheric temperatures are at least 45 degrees F and rising, the weather is not rainy, and there is no forecast of temperatures below 32 degrees F within 48 hours from the time of placement of the mixture.

Weather Limitations

The material shall be spread only when the road surface and atmospheric temperatures are at least 45

degrees F and rising, the weather is not rainy, and there is no forecast of temperatures below 32 degrees F within 48 hours from the time of placement of the mixture.

Surface Preparation

- a. General: The area to be resurfaced shall be thoroughly cleaned of vegetation, loose aggregate and soil, particularly soil that is bound to the surface. Manholes, valve boxes and other service entrances will be protected from the surfacing material with polyethylene sheeting. All services will be uncovered upon completion of work.
- b. Cracks in Surface: The Contractor shall pre-treat the cracks in the surface with a fiberized crack sealer prior to the application of the micro-surfacing. Crack sealer shall be either PG 64-22 asphalt cement with not less than 5% polyester reinforcing fibers (PG + fibers), or a polymer and crumb rubber modified asphalt cement including not less than 3% polymers, 7% recycled tire crumb rubber (80 mesh), and 8% polyester fibers (PCRM + fibers). The modified asphalt cement incorporated in the PCRM + fibers material must meet PG 64-28E MSCR testing requirements. The sealant selected will be at the Engineer's discretion.
- c. Tack Coat: The Contractor shall be required to apply a tack coat on oxidized pavements, and on high traffic roadways as directed by the Engineer. The tack coat shall consist of one part emulsified asphalt (CSS-1H) and three parts water, and be applied with a distributor at a rate of 0.05-0.10 gallons per square yard.

Stockpile

Precautions shall be taken to insure that aggregate stockpiles do not become contaminated. The mineral aggregate shall be re-screened prior to being directly loaded onto micro-surfacing equipment.

Application

1. General: The surface should be pre-wetted by fogging ahead of the spreader box when required by surface and ambient conditions. The rate of application of the fog spray shall be adjusted during the day to suit temperatures, surface texture, humidity, and dryness of the pavement surface.

The micro-surfacing mixture shall be of the desired consistency upon leaving the mixer and no additional materials should be added. A sufficient amount of material shall be carried in all parts of the spreader at all times so that a complete coverage is obtained. Overloading of the spreader shall be avoided. No lumping, balling, or unmixed aggregate shall be permitted.

No streaks, such as those caused by oversized aggregate, will be left in the finished surface. If excessive amounts of oversized aggregates appear in the mix, the job will be stopped until the contractor proves to the Engineer that the situation has been corrected.
2. Joints: No excessive buildup, uncovered areas or unsightly appearances shall be permitted on longitudinal or transverse joints. The contractor shall provide suitable width spreading equipment to produce a minimum number of longitudinal joints throughout the project. When possible, longitudinal joints shall be placed on lane lines. Half passes and odd width passes will be used only in minimum amounts. If half passes are used, they shall not be the last pass of any paved areas.
3. Mix Stability: The micro-surfacing mixture shall possess sufficient stability so that premature breaking of the material in the spreader box does not occur. The mixture shall be homogeneous during and following mixing and spreading. It shall be free of excess water or emulsion, and free of segregation of the emulsion and aggregate fines from the coarser aggregate.
4. Hand Work: Areas which cannot be reached with the mixing machine shall be surfaced using hand squeegees to provide complete and uniform coverage. The area to be hand-worked shall be lightly dampened prior to mix placement. Care shall be exercised to leave no unsightly appearance from handwork.

The same type finish as applied by the spreader box shall be required. Handwork shall be completed immediately after the micro-surfacing mixture is discharged from the spreader box.

5. Lines: Care shall be taken to insure straight lines along curbs and shoulders. No runoff on these areas will be permitted. Lines at intersections will be kept straight to provide a neat workmanship appearance.
6. Rolling: The Contractor shall roll specified areas with a self-propelled, 5 to 10 ton pneumatic roller with a tire pressure of 50 PSI and equipped with a water spray system.

Quality Control

- a. Materials: The contractor will permit the Engineer to take samples of the aggregate and asphalt emulsion to be used in the project at the Engineer's discretion. Gradation and sand equivalency tests may be run on the aggregate and residual asphalt content tests run on the emulsion. Test results will be compared to specifications. Tests will be run by a qualified laboratory at the expense of the Owner. The Owner must notify the contractor immediately if any test fails to meet the specifications.
- b. Micro-Surfacing Mixture: Samples of the mixture should be taken daily and may be taken directly from the mixing unit(s). Consistency and residual asphalt content tests may be made on the samples and compared to the specifications. Tests will be run by a qualified laboratory at the expense of the Owner. The Owner must notify the contractor immediately if any test fails to meet specifications.

The Engineer may use the recorder and measuring facilities of the paver to determine application rates, asphalt emulsion content, mineral and field control additives, and water.

- c. Non-Compliance: If any two successive tests fail on the stockpile material, the job shall be stopped. It is the responsibility of the contractor, at his own expense, to prove to the Engineer that the conditions have been corrected. If any two successive tests on the mix from the same machine fail, the use of the machine shall be suspended. It will be the responsibility of the contractor, at his own expense, to prove to the Engineer that the problems have been corrected and that the machine is working properly.

Performance Warranty

The contractor must furnish the following warranty after completion of the work and prior to final payment: The Contractor hereby warrants that all workmanship and all materials furnished under this contract comply fully with requirements of these Micro-Surfacing Specifications. If at any time within two years after the date of the final inspection, any unfaithful or defective work should appear which in the opinion of the Owner is due to inferior materials or workmanship, the Contractor will remedy the defects immediately without cost to the Owner. The Owner will notify the Contractor in writing of the defects and the repairs to be made, and the Contractor will begin repairs within a mutually agreed time frame.

PART 3 – CHECKLIST AND REQUIRED FORMS FOR SUBMISSION

**Micro-Surfacing Treatment
20DPW015C**

Company Name: _____

- Bidder has completed and returned the **Acknowledgment of Receipt** form (via fax or email).
- Bidder has completed, signed, and enclosed the **Bid Form A: Bid Price Form** or an exact copy.
- Bidder has completed, signed, and enclosed the **Bid Form B: Bidder Information Response** form.
- Bidder has completed, signed, and enclosed the **Bid Form C: Authentication Form**.
- Bidder has completed, signed, and enclosed the **Bid Form D: Certificate of Good Faith**.
- Bidder has completed, signed, and enclosed the **Bid Form E: Certificate of Compliance with Massachusetts Tax Laws** or Certificate of Good Standing issued by the Massachusetts Department of Revenue.
- Bidder has completed, signed, and enclosed the **Bid Form F: Certificate of Compliance for Public Construction More than \$10,000.00**.
- Bidder has provided at least five (5) references on the **Bid Form G: Professional Reference Form** of which at least three (3) are governmental units (municipal/county/regional district/state agency/special district).
- If the bid submission is signed by someone other than the Owner/President of the company, a completed **Bid Form H: Certificate of Authority of Corporate Resolution** for the person who signed the proposal or a valid Corporate Resolution stating the individual has the authority to submit the proposal on behalf of the Company and can bind the Company to the contract if awarded.
- The Bid Deposit (Bond) enclosed.
- Bidder acknowledged all addenda, if any

20DPW015C**

Certificate of Good Standing issued by the Massachusetts Department of Revenue dated no earlier than 90 days before the bid submission deadline may be submitted in place of this certificate.

Pursuant to M.G.L. c.62C, §49A , the undersigned acting on behalf of the Contractor* certifies under the penalties of perjury that the Contractor is in compliance with all laws of the Commonwealth relating to taxes including payment of all local taxes, fees, assessments, betterments and any other local or municipal charges (unless the Contractor has a pending abatement application or has entered into a payment agreement with the entity to which such charges were owed), reporting of employees and contractors, and withholding and remitting child support.**

(1) Contractor: _____ Date: _____

Print Name: _____

Social Security Number: _____

Corporation, Association, or Partnership: _____

Federal Tax ID Number or Social Security Number: _____

(2) By: _____ Date: _____
(Authorized Corporate Signature)

Name and Title: _____

Note to Contractor***: Please sign at (1) or (2), whichever applies.

In order to comply with all laws of the Commonwealth relating to taxes, the undersigned certifies that Contractor (check applicable item):

1. _____ has filed all tax returns and paid all taxes required by law; or
2. _____ has filed a pending application for abatement of such tax; or
3. _____ has a pending petition before the appellate tax board contesting such tax; or
4. _____ does not derive taxable income from Massachusetts Sources such that it is subject to taxation by the Commonwealth

* As used in this certification, the word "Contractor" shall mean any natural person, business, partnership, corporation, union, committee, club, or other organization, entity, or group of individuals.

* The provision in this Certification relating to child support applies only when the Contractor is an individual.

*** Approval of a contract or other agreement will not be granted until the Town of Needham receives a signed copy of this Certification.

This form must be completed and filed with bid submission

Bid Form F: Certificate of Compliance for Public Construction More than \$10,000.00
Micro-Surfacing Treatment
20DPW015C

The undersigned agrees that, if selected as Contractor, s/he will within five days, Saturdays, Sundays and legal holidays excluded, after presentation thereof by the Town, execute a contract in accordance with the terms of this bid. The undersigned hereby certifies that s/he is able to furnish labor that can work in harmony with all other elements of labor employed or to be employed on the work and that s/he will comply fully with all laws and regulations applicable to awards made subject to M.G.L. Chapter 30 39M. The undersigned agrees that, if selected as the contractor for any or all of the above bid items, he/she shall be obligated to provide those services in accordance with the terms of these specifications at the bid price upon receipt of a fully executed contract.

The undersigned certifies, under pains and penalties of perjury that:

1. The Contractor is able to furnish labor that can work in harmony with all other elements of labor employed or to be employed in the work;
2. All employees to be employed at the worksite will have successfully completed a course in construction safety and health approved by the United States Occupational Safety and Health Administration (OSHA) that is at least 10 hours in duration and the time the employee begins works and who shall furnish documentation of successful completion of said course with the first certified payroll report for each employee;

Prevailing Wage Rates

**As determined by the Director under the provisions of the
Massachusetts General Laws, Chapter 149, Sections 26 to 27H**

CHARLES D. BAKER
Governor

ROSALIN ACOSTA
Secretary

KARYN E. POLITO
Lt. Governor

WILLIAM D MCKINNEY
Director

Awarding Authority: Town of Needham
Contract Number: 20DPW015C **City/Town:** NEEDHAM
Description of Work: Micro-surfacing is a smooth and durable thin overlay material which can restore the original service properties to worn but structurally sound pavements.
Job Location: Various

Information about Prevailing Wage Schedules for Awarding Authorities and Contractors

- This wage schedule applies only to the specific project referenced at the top of this page and uniquely identified by the “Wage Request Number” on all pages of this schedule.
- An Awarding Authority must request an updated wage schedule from the Department of Labor Standards (“DLS”) if it has not opened bids or selected a contractor within 90 days of the date of issuance of the wage schedule. For CM AT RISK projects (bid pursuant to G.L. c.149A), the earlier of: (a) the execution date of the GMP Amendment, or (b) the bid for the first construction scope of work must be within 90-days of the wage schedule issuance date.
- The wage schedule shall be incorporated in any advertisement or call for bids for the project as required by M.G.L. c. 149, § 27. The wage schedule shall be made a part of the contract awarded for the project. The wage schedule must be posted in a conspicuous place at the work site for the life of the project in accordance with M.G.L. c. 149 § 27. The wages listed on the wage schedule must be paid to employees performing construction work on the project whether they are employed by the prime contractor, a filed sub-bidder, or any sub-contractor.
- All apprentices working on the project are required to be registered with the Massachusetts Department of Labor Standards, Division of Apprentice Standards (DLS/DAS). Apprentice must keep his/her apprentice identification card on his/her person during all work hours on the project. An apprentice registered with DAS may be paid the lower apprentice wage rate at the applicable step as provided on the prevailing wage schedule. **Any apprentice not registered with DLS/DAS regardless of whether or not they are registered with any other federal, state, local, or private agency must be paid the journeyworker's rate for the trade.**
- The wage rates will remain in effect for the duration of the project, except in the case of multi-year public construction projects. For construction projects lasting longer than one year, awarding authorities must request an updated wage schedule. Awarding authorities are required to request these updates no later than two weeks before the anniversary of the date the contract was executed by the awarding authority and the general contractor. For multi-year CM AT RISK projects, awarding authority must request an annual update no later than two weeks before the anniversary date, determined as the earlier of: (a) the execution date of the GMP Amendment, or (b) the execution date of the first amendment to permit procurement of construction services. Contractors are required to obtain the wage schedules from awarding authorities, and to pay no less than these rates to covered workers. The annual update requirement is not applicable to 27F “rental of equipment” contracts.
- Every contractor or subcontractor which performs construction work on the project is required to submit weekly payroll reports and a Statement of Compliance directly to the awarding authority by mail or email and keep them on file for three years. Each weekly payroll report must contain: the employee’s name, address, occupational classification, hours worked, and wages paid. Do not submit weekly payroll reports to DLS. A sample of a payroll reporting form may be obtained at <http://www.mass.gov/dols/pw>.
- Contractors with questions about the wage rates or classifications included on the wage schedule have an affirmative obligation to inquire with DLS at (617) 626-6953.
- Employees not receiving the prevailing wage rate set forth on the wage schedule may report the violation to the Fair Labor Division of the office of the Attorney General at (617) 727-3465.
- Failure of a contractor or subcontractor to pay the prevailing wage rates listed on the wage schedule to all employees who perform construction work on the project is a violation of the law and subjects the contractor or subcontractor to civil and

Additional Apprentice Information:

Minimum wage rates for apprentices employed on public works projects are listed above as a percentage of the pre-determined hourly wage rate established by the Commissioner under the provisions of the M.G.L. c. 149, ss. 26-27D. Apprentice ratios are established by the Division of Apprenticeship Training pursuant to M.G.L. c. 23, ss. 11E-11L.

All apprentices must be registered with the Division of Apprenticeship Training in accordance with M.G.L. c. 23, ss. 11E-11L.

All steps are six months (1000 hours.)

Ratios are expressed in allowable number of apprentices to journeymen or fraction thereof, unless otherwise specified.

** Multiple ratios are listed in the comment field.
