In accordance with Massachusetts General Laws Chapter 30, Section 39K, the following paragraph is binding upon the OWNER AND CONTRACTOR:

Within fifteen days (forty-five days in the case of the Commonwealth, including local housing authorities) after receipt from the CONTRACTOR, at the place designated by the awarding authority if such a place is so designated, of a periodic estimate requesting payment of the amount due for the preceding month, the awarding authority will make a periodic payment to the CONTRACTOR for the work performed during the preceding month and for the materials not incorporated in the work but delivered and suitably stored at the site (or at some location agreed upon in writing) to which the CONTRACTOR has title or to which a subcontractor has title and has authorized the CONTRACTOR to transfer title to the awarding authority, less (1) a retention based on its estimate of the fair value of its claims against the CONTRACTOR and less (2) a retention for direct payments to subcontractors based on demands for same in accordance with the provisions of Massachusetts General Laws Chapter 30, Section 39F, and less (3) a retention not exceeding five per cent of the approved amount of the periodic payment. After the receipt of a periodic estimate requesting final payment and within sixty-five days after (a) the CONTRACTOR fully completes the work or substantially completes the work so that the value of the work remaining to be done is, in the estimate of the awarding authority, less than one percent of the original Contract price, or (b) the CONTRACTOR substantially completes the work and the awarding authority takes possession for occupancy, whichever occurs first, the awarding authority shall pay the CONTRACTOR the entire balance due on the Contract less (1) a retention based on its estimate of the fair value of its claims against the CONTRACTOR and of the cost of completing the incomplete and unsatisfactory items of work and less (2) a retention for direct payments to subcontractors based on demands for same in accordance with the provisions of Massachusetts General Laws Chapter 30, Section 39F, or based on the record of payments by the CONTRACTOR to the subcontractors under this Contract if such record of payment indicates that the CONTRACTOR has not paid subcontractors as provided in section thirty-nine F. If the awarding authority fails to make payment as herein provided, there shall be added to each such payment daily interest at the rate of three percentage points above the rediscount rate then charged by the Federal Reserve Bank of Boston commencing on the first day after said payment is due and continuing until the payment is delivered or mailed to the CONTRACTOR; provided that no interest shall be due, in any event, on the amount due on a periodic estimate for final payment until fifteen days (twenty-four days in the case of the Commonwealth) after receipt of such a periodic estimate from the CONTRACTOR at the place designated by the awarding authority if such a place is so designated. The CONTRACTOR agrees to pay to each subcontractor a portion of any such interest paid in accordance with the amount due each subcontractor.

Furthermore the Town is not responsible for any invoice that does not reference the Town's Purchase Order number that encumbered the funds to pay for services provided under this Agreement.

ARTICLE 6. PAYMENT OF SUBCONTRACTORS

In accordance with Massachusetts General Laws Chapter 30, Section 39F, the following subparagraphs (a) through (i) are binding between the general CONTRACTOR and each subcontractor:

- a. Forthwith after the general CONTRACTOR receives payment on account of a periodic estimate, the general CONTRACTOR shall pay to each subcontractor the amount paid for the labor performed and the materials furnished by that subcontractor, less any amount specified in any court proceedings barring such payment and also less any amount claimed due from the subcontractor by the general CONTRACTOR.
- b. Not later than the sixty-fifth day after each subcontractor substantially completes his work in accordance with the plans and specifications, the entire balance due under the subcontract less amounts retained by the awarding authority as the estimated cost of completing the incomplete and unsatisfactory items of work shall be due the subcontractor; and the awarding authority shall pay that amount to the general CONTRACTOR. The general CONTRACTOR shall forthwith pay to the subcontractor the full amount received from the awarding authority less any amount specified in any court proceedings barring such payment and also less any amount claimed due from the subcontractor by the general CONTRACTOR.
- c. Each payment made by the awarding authority to the general CONTRACTOR pursuant to subparagraphs (a) and (b) of this paragraph for the labor performed and the materials furnished by a subcontractor shall be made to the general CONTRACTOR for the account of that subcontractor; and the awarding authority shall take reasonable steps to compel the general CONTRACTOR to make each such payment to each such subcontractor. If the awarding authority has received a demand for direct payment from a subcontractor for any amount which has already been included in a payment to the general CONTRACTOR or which is to be included in a payment to the general CONTRACTOR for payment to the subcontractor as provided in subparagraphs (a) and (b), the awarding authority shall act upon the demand as provided in this section.
- d. If, within seventy days after the subcontractor has substantially completed the subcontract work, the subcontractor has not received from the general CONTRACTOR the balance due under the subcontract, including any amount due for extra labor and materials furnished to the general CONTRACTOR, less any amount retained by the awarding authority as the estimated cost of completing the incomplete and unsatisfactory items of work, the subcontractor may demand direct payment of that balance from the awarding authority. The demand shall be by a sworn statement delivered to or sent by certified mail to the awarding authority, and a copy shall be delivered to or sent by certified mail to the general CONTRACTOR at the same time. The demand shall contain a detailed breakdown of the balance due under the subcontract and also a statement of the status of completion of the subcontract work. Any demand made after substantial completion of the subcontract work shall be valid even if delivered or mailed prior to the seventieth day after the subcontractor has substantially completed the subcontract work. Within ten days after the subcontractor has delivered or so mailed the demand to the awarding authority and delivered or so mailed a copy to the general CONTRACTOR, the general CONTRACTOR may reply to the demand. The reply shall be by a sworn statement delivered to or sent by certified mail to the awarding authority and a copy shall be delivered to or sent by certified mail to the subcontractor at the same time. The reply shall contain a detailed breakdown of the balance due under the subcontract including any amount due for extra labor and materials furnished to the general CONTRACTOR and of the amount due for each claim made by the general CONTRACTOR against the subcontractor.
- e. Within fifteen days after receipt of the demand by the awarding authority, but in no event prior to the seventieth day after substantial completion of the subcontract work, the awarding authority shall make direct payment to the subcontractor of the balance due under the subcontract including any amount due for extra labor and materials furnished to the general CONTRACTOR, less any

amount (i) retained by the awarding authority as the estimated cost of completing the incomplete or unsatisfactory items of work, (ii) specified in any court proceedings barring such payment, or (iii) disputed by the general CONTRACTOR in the sworn reply; provided, that the awarding authority shall not deduct from a direct payment any amount as provided in part (iii) if the reply is not sworn to, or for which the sworn reply does not contain the detailed breakdown required by subparagraph (d). The awarding authority shall make further direct payments to the subcontractor forthwith after removal of the basis for deductions from direct payments made as provided in parts (i) and (ii) of this subparagraph.

- f. The awarding authority shall forthwith deposit the amount deducted from a direct payment as provided in part (iii) of subparagraph (e) in an interest-bearing joint account in the names of the general CONTRACTOR and the subcontractor in a bank in Massachusetts selected by the awarding authority or agreed upon by the general CONTRACTOR and the subcontractor, and shall notify the general CONTRACTOR and the subcontractor of the date of the deposit and the bank receiving the deposit. The bank shall pay the amount in the account, including accrued interest, as provided in an agreement between the general CONTRACTOR and the subcontractor or as determined by decree of a court of competent jurisdiction.
- g. All direct payments and all deductions from demands for direct payments deposited in an interest-bearing account or accounts in a bank pursuant to subparagraph (f) shall be made out of amounts payable to the general CONTRACTOR at the time of receipt of a demand for direct payment from a subcontractor and out of amounts which later become payable to the general CONTRACTOR and in the order of receipt of such demands from subcontractors. All direct payments shall discharge the obligation of the awarding authority to the general CONTRACTOR to the extent of such payment.
- h. The awarding authority shall deduct from payments to a general CONTRACTOR amounts which, together with the deposits in interest-bearing accounts pursuant to subparagraph (f), are sufficient to satisfy all unpaid balances of demands for direct payment received from subcontractors. All such amounts shall be earmarked for such direct payments, and the subcontractors shall have a right in such deductions prior to any claims against such amounts by creditors of the general CONTRACTOR.
- i. If the subcontractor does not receive payment as provided in subparagraph (a) or if the general CONTRACTOR does not submit a periodic estimate for the value of the labor or materials performed or furnished by the subcontractor and the subcontractor does not receive payment for same when due less the deductions provided for in subparagraph (a), the subcontractor may demand direct payment by following the procedure in subparagraph (d) and the general CONTRACTOR may file a sworn reply as provided in that same subparagraph. A demand made after the first day of the month following that for which the subcontractor performed or furnished the labor and materials for which the subcontractor seeks payment shall be valid even if delivered or mailed prior to the time payment was due on a periodic estimate from the general CONTRACTOR. Thereafter the awarding authority shall proceed as provided in subparagraphs (e), (f), (g) and (h).

ARTICLE 7. ADJUSTMENT OF CONTRACT PRICE WHERE SITE CONDITIONS DIFFER SUBSTANTIALLY OR MATERIALLY FROM CONDITIONS INDICATED IN PLANS OR CONTRACT DOCUMENTS

As required by Massachusetts General Laws Chapter 30, Section 39N, the parties hereby agree:

If, during the progress of the work, the contractor or the awarding authority discovers that the actual subsurface or latent physical conditions encountered at the site differ substantially or materially from those shown on the plans or indicated in the contract documents either the contractor or the contracting authority may request an equitable adjustment in the contract price of the contract applying to work affected by the differing site conditions. A request for such an adjustment shall be in writing and shall be delivered by the party making such claim to the other party as soon as possible after such conditions are discovered. Upon receipt of such a claim from a contractor, or upon its own initiative, the contracting authority shall make an investigation of such physical conditions, and, if they differ substantially or materially from those shown on the plans or indicated in the contract documents or from those ordinarily encountered and generally recognized as inherent in work of the character provided for in the plans and contract documents and are of such a nature as to cause an increase or decrease in the cost of performance of the work or a change in the construction methods required for the performance of the work which results in an increase or decrease in the cost of the work, the contracting authority shall make an equitable adjustment in the contract price and the contract shall be modified in writing accordingly.

ARTICLE 8. AWARDING AUTHORITY MAY ORDER GENERAL CONTRACTOR TO SUSPEND, DELAY, ETC. WORK; ADJUSTMENT IN CONTRACT PRICE; SUBMISSION OF CLAIMS

Pursuant to Massachusetts General Laws Chapter 30, Section 39O:

- a. The awarding authority may order the general contractor in writing to suspend, delay, or interrupt all or any part of the work for such period of time as it may determine to be appropriate for the convenience of the awarding authority; provide however, that if there is a suspension, delay or interruption for fifteen days or more or due to a failure of the awarding authority to act within the time specified in this contract, the awarding authority shall make an adjustment in the contract price for any increase in the cost of performance of this contract but shall not include any profit to the general contractor on such increase; and provided further, that the awarding authority shall not make any adjustment in the contract price under this provision for any suspension, delay, interruption or failure to act to the extent that such is due to any cause for which this contract provides for an equitable adjustment of the contract price under any other contract provisions.
- b. The general contractor must submit the amount of a claim under provisions (a) to the awarding authority in writing as soon as practicable after the end of the suspension, delay, interruption or failure to act and, in any event, not later than the date of final payment under this contract and, except for costs due to a suspension order, the awarding authority shall not approve any costs in the claim incurred more than twenty days before the general contractor notified the awarding authority in writing of the act of failure to involved in the claim.
- c. In the event a suspension, delay, interruption or failure to act of the awarding authority increases the cost of performance to any subcontractor, the subcontractor shall have the same rights against the general contractor for payment for an increase in the cost of his performance as provisions (a) and (b) give the general contractor against the awarding authority, but nothing in provisions (a) and (b) shall in any way change, modify or alter any other rights which the general contractor or the subcontractor may have against each other.

ARTICLE 9. REQUESTS FOR INTERPRETATIONS AND APPROVALS; SUBSTANTIAL DEVIATIONS FROM PLANS AND SPECIFICATIONS

- a. As provided in Massachusetts General Laws Chapter 30, Section 39P, whenever the OWNER, awarding authority, engineer or architect is requested to make a decision on interpretation of the specifications, approval of equipment, material or any other approval, or progress of the work, he shall make that decision promptly and, in any event, no later than thirty days after the written submission for decision. However, if such decision requires extended investigation and study, the person making the decision shall, within thirty days after receipt of the submission, give the party making the decision written notice of the reasons why the decision can not be made within the thirty day period and the date by which the decision will be made.
- b. The CONTRACTOR must perform all the work in conformity with the contract plans and specifications. Substantial deviations, or change orders, may be made only as provided by Massachusetts General Laws, Chapter 30, Section 39I and Massachusetts General Laws, Chapter 44, Section 31C, and as provided herein. Change orders must be in writing and only when authorized by the OWNER or awarding authority or by the architect or engineer in charge of the work who is duly authorized by the awarding authority to approve such deviations. In order to avoid delays in performance of the work, within thirty days after an authorized written change order, the written order shall be confirmed by a certificate of the awarding authority stating: (1) If such deviation involves any substitution or elimination of materials, fixtures or equipment, the reasons why such materials, fixtures or equipment were included in the first instance and the reasons for substitution or elimination and if the deviation is of any other nature, the reasons for such deviation, giving justification therefore; (2) that the specified deviation does not materially injure the project as a whole; (3) that either the work substituted for the work specified is of the same cost and quality, or that an equitable adjustment has been agreed upon between the OWNER and the CONTRACTOR and the amount in dollars of such adjustment; and (4) that the deviation is in the best interest of the OWNER. The certificate shall be signed under the pains and penalties of perjury and shall be a permanent part of the file record of the work contracted for.
- c. Massachusetts General Laws Chapter 44, Section 31C provides that no change order as provided for in (b) above which results in additional cost shall be deemed to have been given until the auditor or accountant or other officer of the TOWN having similar duties has certified thereon that an appropriation in the amount of such order is available therefore; but such certificate shall not be construed as an admission by the TOWN of its liability to pay for such work; rather, such certification shall bar any defense by the TOWN on the grounds of insufficient appropriation.

ARTICLE 10. NONPERFORMANCE

In the case of any default on the part of the CONTRACTOR with respect to any of the terms of this Agreement, the OWNER shall give written notice thereof, and if said default is not made good within such time as the OWNER shall specify in writing, the OWNER shall notify the CONTRACTOR in writing that there has been a breach of the Agreement and thereafter the OWNER shall have the right to secure the completion of the work remaining to be done on such terms and in such manner as the OWNER shall determine, and the CONTRACTOR shall pay for the completion of such work and reimburse the OWNER for all expenses incurred by reason of said breach. The CONTRACTOR in case of such breach shall be entitled to receive payment only for work completed satisfactorily prior to said breach, so long as the total paid hereunder does not exceed the Contract sum, and the amount of any balance due the CONTRACTOR shall be determined by the OWNER and certified to the CONTRACTOR. The OWNER shall be reimbursed by the CONTRACTOR for the cost of additional services required by the OWNER in the case of a breach.

ARTICLE 11. TERMINATION

This Agreement may be terminated by either party upon not less than seven days written notice should the other party breach this agreement or substantially fail to perform in accordance with the terms of this Agreement through no fault of the party initiating the termination.
