Webinar ID: 813 3300 4536

+1 646 876 9923 US (New York)

Committees Represented: Mobility Planning & Coordination Committee, Transportation Safety Committee, and Rail Trail Advisory Committee

Charge: “The purpose of the joint meetings is to align activities, projects, and planning initiatives to facilitate public awareness of current and planned Public Works projects. These meetings shall constitute a regular committee meeting for each committee.”

Semi-Annual Meeting Objectives: The Fall meeting is intended to coordinate the Town’s transportation committees’ ongoing work and priorities for the upcoming year, as well as present DPW’s budgeted work schedule for the next construction season. All DPW construction work is subject to change due to circumstances beyond the Town’s control, including weather and utilities work. It is possible that the plan presented may shift before the start of the 2025 construction season. An updated version of the plan will be presented at the Spring Semi-Annual Meeting in 2025.

- **Introductions, Ongoing Work, and 2025 Committee Priorities**
 - Mobility Planning & Coordination Committee (Tim Bulger)
 - Transportation Safety Committee (Justin McCullen)
 - Rail Trail Advisory Committee (Dmitry Gorenburg)
