5/15/2021	RTS	Yes	Paint Surplus Day	Collect surplus paint from residents of Needham
6/19/2021	RTS	Yes	Paint Surplus Day	Collect surplus paint from residents of Needham

**MCM 3: IDDE PROGRAM REPORTING SUMMARY LOG**  
**JULY 1, 2020 - JUNE 30, 2021**

**SSO INVENTORY**

Report #	Date	Reporter	Location	Status & Comments
	12/6/2021	Greg Hurley - Sewer Call Personnel	67 Reservoir St	<p><b>Location:</b> Res A sewer station. Nothing to catch basins or waterways</p> <p><b>Cause of SSO:</b> Pump Station Failure</p> <p><b>Assessment:</b> Shut off Pump #1 and put Pump #2 on manual. Monitored station to be sure pump #2 was working, left Pump #1 off for the day. Checked the electrical (12/8) and inspected pump for blockages/damage (12/9). There were no solids present on this SSO. Inspection found some rags caught in the pump, have been removed and suspect this may be the cause of the issue.</p> <p><b>Actions:</b> Contacted on call SCADA contractor (Weston &amp; Sampson) regarding the control issue. Both pumps are currently working. Weston &amp; Sampson confirmed that there is a programming issue at the station. Weston &amp; Sampson set up our floats to bring on our lag pump if the wet well at this station gets high. Contractor to re-set station programming, so the lag automatically comes on if the lead pump fails as a back up in the interim.</p>
	12/9/2020	Terry Fitzgerald - Working Foreman	1968 Central Ave	<p><b>Location:</b> in front of the Walker School. Nothing to catch basins or waterways</p> <p><b>Cause of SSO:</b> Sewer System Blockage</p> <p><b>Assessment:</b> Our Foreman was on his way into work and saw water in the roadway. He thought it was a water leak and investigated. He found that it wasn't a leak but sewage bubbling up from a manhole.</p> <p><b>Actions:</b> A crew was dispatched from another job site and flushed the line freeing the blockage.</p>
	12/20/2020	Needham Police/Jody Doherty/Tony Lake (Water Call)	Gould Street	<p><b>Location:</b> Between Highland Ave &amp; Entrance to Muzi Ford</p> <p><b>Cause of SSO:</b> Faulty blow off/bell valve</p> <p><b>Assessment:</b> After stopping the SSO we had crews on site to monitor the chamber with a vactor to prevent another SSO. After working on the problem and monitoring for a few hours had to come back to the site to address the same situation that afternoon. This was water only, no solids to clean up.</p> <p><b>Actions:</b> Confined Space Entry on 12/22 scheduled to confirm no damage to pipe and close the bell valve.</p>
	4/14/2021	Jo Delreal (owner), William Kallenberg, Thomas Joyce	10 Charles St	<p><b>Location:</b> One Nation Fitness. Nothing to catch basins or waterways</p> <p><b>Cause of SSO:</b> Sewer System Blockage</p> <p><b>Assessment:</b> After stopping the SSO we had a crew on site to monitor sewer man hole to prevent another SSO.</p> <p><b>Actions:</b> There was some grease in the line so we've asked Board of Health to help us follow up on the FSE's in the area to be sure they are checking/cleaning their grease traps.</p>

**MCM 3: IDDE PROGRAM REPORTING SUMMARY LOG**  
**JULY 1, 2020 - JUNE 30, 2021**

	5/1/2021	Gym Owner, Paul Reynolds (Sewer Call)	10 Charles St	<p>Location: One Nation Fitness. Nothing to catch basins or waterways            Cause of SSO: Sewer System Blockage            Assessment: The sewer line was flushed and found rags in the line. Monitored and checked the manholes later in the day.            Actions: - 5/3-5/6/21: Full scale flushing of lines and checked manholes                      -5/6/21 @ 3am: Flushed and cctv'd from 10 Charles St to Res B. Found corn &amp; grease                      -5/6/21 @ 10am: Met Diana Acosta at Mi Nina to investigate grease traps and processing in the kitchen. It appeared that the processing area was not flowing through a grease trap.                      -5/7/21: Met John's Drains at Mi Nina to look at drains and talk about grease issue. We found a large grease trap in the bay area. Trap was ok and is being maintained, log was near by and updated.                      -Plan moving forward: Check SMH at 10 Charles St daily, cctv and flush line next week, weekly flushing of the main, re-visit at the end of the month.</p>
