Chief's Letter

The Needham Police Department has continued to adapt with the changing environment in order to continue serving the needs of all our community members. During this very difficult time for our profession, we have never lost sight of our mission which is to serve all residents and individuals who work or travel through our community. We will continue to develop and grow our community outreach and foster positive relationships.

As our officer's roles expand, we understand and embrace the complex and changing duties that our officers are faced with daily. We no longer just enforce the law. We wear many hats that requires a great deal of training, compassion and understanding. Needham police officers perform at a high level in a multitude of different and difficult situations, while providing a high level of police services to our community.

Publishing an annual report allows us to communicate the department mission, operational structure, training, and department statistics while listening to community concerns. This will allow us to work to a greater mutual understanding and reinforce our commitment in partnership between the Needham Police Department and the Community we serve.

ABOUT THIS REPORT

This annual report is produced by the Needham Police Department as an attempt to provide citizens with a snapshot of the services and activities conducted by the department this year. It contains valuable information about the crimes committed in Needham as well as information related to those crimes such as race, gender, and town residency status. This report also has updates from our specialty units and officers regarding their activities over the past year.

The 2022 Annual Report provides a comprehensive analysis of crimes that occurred in the town of Needham and were reported to the Federal Bureau of Investigation (FBI) via the Uniform Crime Reporting (UCR) Program. This national program has been collecting and organizing crime data since 1930 and is used by researchers, media, and the public to better understand criminal activity. The UCR collects general crimes statistics through the National Incident-Based Reporting System (NIBRS). This voluntary system uses coding that is uniform throughout the country so that data can be compiled and analyzed. It breaks criminal offenses into two types: Group A and Group B. Group A include 46 offenses in 22 different categories. These offenses have been selected based on specific criteria and are determined to be relevant to law enforcement data collection. Group B offenses encompass all other crimes. The offenses and categories can be found in Appendix A.

In addition to looking at NIBRS data, this report also analyzes in house data regarding incidents, arrests, motor vehicle accidents, traffic stops and calls for service. In many of these categories, we break out the data by race. The options listed for race vary slightly depending on the source. Our race data relating to motor vehicle stops is pulled from the Massachusetts Racial Profiling Reporting and includes Asian or Pacific Islander, Black, Hispanic, American Indian/ Alaskan Native, Middle Eastern/ East Indian (South Asian) and White. Race data relating to arrests, handcuffing, use of force and any other categories is taken from choices provided by the United States Census. The race options from the US Census include Asian, Black, American Indian/ Alaskan Native, Native Hawaiian or Other Pacific Islander, Unknown and White. The US Census considers Hispanic to be an ethnicity. For the purposes of this report we take individuals who identify their race as white but Hispanic as ethnicity to be Hispanic. Individuals who report that their race as black and ethnicity as Hispanic are considered to be black.

It is important to note that all this information is considered the best data at the time of writing, and that slight discrepancies or changes in the numbers may occur due to a variety of factors. For example, if an investigation is ongoing there is the potential for existing offenses to be changed based on updated information.

SPECIAL STUDIES

The Needham Police Department has implemented 4 areas in which we want to capture more detailed data based on current issues and citizen concerns. These areas are mental health, drug overdoses, handcuffing and domestic violence. To get this data, officers are required to provide information on each of these topics when they complete their report. If the incident or arrest involves any of the special studies, they are required to answer the questions related to that topic. The questions and data gathered from these special studies are detailed below.

Mental Health

In 2022 there were 164 calls that were deemed mental health related. For this data we are considering a mental health related call to incident in which mental health is involved. There was an average of 14 mental health related calls per month. The highest number was 21 in November and the lowest number was 8 in January and March. There were 207 total mental health related calls in 2021, meaning that there was a 21% decrease this year compared to last year.

While the nature of mental health call can vary greatly, sometimes they end with an individual being taken to the hospital for treatment. This transport can be at the patients request or agreement (voluntary) or under a Section 12 (involuntary). In some instances, the subject of a mental health call is taken directly to court. Someone may also be taken to the hospital based on medical issues that are also present at the time of the call. More information about these transports in Needham in 2022 can be found in the charts below.

Handcuffing

Handcuffing is an inevitable and necessary part of policing. The Needham Police Department has started to keep track of handcuffing and the reasons as to why it was utilized in any particular interaction. In 2022 there were 89 times that handcuffing was used. This is an increase handcuffing from 2021, which had 78 instances. 57 out of the 89 (64%) of those instances in 2022 were arrests. There were 4 arrests in which handcuffs were not used because the offender was hospitalized.

In 3 cases, there was a previous order that had expired.

In 19 of the 76 calls, there were children either present or involved in the incident and DCF was notified.

Use of Force

The Use of Force incidents that Needham Police are involved in are a result of an individual's level of unlawful compliance/resistance rather than officer looking to harm the public. We are obligated morally, by law and by policy to use only that level of force that is reasonable and necessary to affect an arrest, to ensure public safety or protect ourselves or others from harm.

In 2022 there were 12 times in which force was used during a call for service. In some calls, multiple types of force were necessary to resolve the situation and maintain the safety of all present.

Community Safety Officer Kelley Scolponeti is under the direct supervision of the Lieutenant in charge of Traffic and Community Safety. Officer Scolponeti has the primary responsibility of training, scheduling, and supervising all Traffic Supervisors (civilian positions) as well as supervising parking enforcement and ticketing. We are currently short staffed, with 16 Traffic Supervisors who cover 62 school crossings daily.

Officer Scolponeti often covers crossings herself and makes it a point to check in periodically with the Traffic Supervisors to discuss safety/traffic concerns they might have. Officer Scolponeti also serves as our liaison for the Center at the Heights. She makes weekly visits there to interact with the seniors in many ways. She'll stop in to have coffee with them and sometimes play pool and assists with meal deliveries. As we rebound from Covid-19, we have continued to hold Coffee with a Cop events, in which several officers stop by to say "hi" and have a cup of coffee.

Officer Scolponeti also holds Crafts with a Cop once a month and it is always well attended. Officer Scolponeti assists the School Resource Officers with A.L.I.C.E. drills and periodically checks in with the principals and the health and safety committees at each school. She enjoys assisting the 3rd grade physical education teachers with their 3rd grade bike rodeos and designs and designs and issues over 350 bicycle licenses. She makes it a point to conduct "Officer Friendly" visits to the daycare schools within our town.

Officer Scolponeti is the liaison with the Council on Aging, the Commission on Disability, the Needham Community Council and the Needham DPW Snow Removal Committee. She assists with the clothing drive and food pantry at the Community Council. She's part of the Needham Community Outreach Team and has luncheons with Needham Housing residents. She is also part of the Special Education Parent Advisory Council. Officer Scolponeti is the liaison for donations from community stores and she assists with distributing the items throughout our town. Officer Scolponeti also conducts fingerprinting for Needham residents for licensing and job employment and completes all background checks for solicitors and vendors in town. Officer Scolponeti is very involved in fundraising efforts around town. Many groups reach out to the police department for a "ride to school in a police car" as an auction item. These rides have become very popular at auctions, and she facilitates 8-10 rides to school annually. This year, she also began to sell Officer Rocket Swag at various events, donating all proceeds to charities.

PATROL OPERATIONS / EMERGENCY MANAGEMENT DIVISION

Patrol represents the majority of the Needham Police Department and is the most visible aspect of the job. Operating on a 24hr basis its services include but are not limited to: protecting life and property, enforcing all laws and town bylaws, preserving peace and public order, and identifying criminal offenders and criminal activity.

Each officer is assigned to a specific area of town, called a sector. The officer is responsible for handling all the calls within that sector. Additionally, the officer conducts the traffic enforcement in their area, building checks, and assists other officers as needed.

Although officers in patrol are primarily responsible for patrolling the town and answering calls for service, many officers have other duties and special assignments they complete. These vary in scope from assignments as Juvenile Officer to the MetroLEC Special Weapons and Tactics (SWAT) team and many others.

Dispatch

Throughout 2022 the Needham Police Dispatch center consisted of 5 full-time positions for Emergency Telecommunications Dispatchers

Dispatchers also handled 6646 Enhanced 9-1-1 calls in 2022. This is an 10.4% increase from the 6,018 9-1-1 calls received in 2021.

Needham Police Dispatchers met this training requirement and received training in topics including, but not limited to Mental Health First Aid for Public Safety, Multi-Agency Response to Active Shooter & Hostile Events, Excited Delirium Syndrome and Stress Management. Through the Answering Point and Regional Emergency Communication Center Support and Incentive Program the department received grant funding based on the previous year's 911 call center volume. This past year they visited several other communities including Newton, Duxbury, Norwood and Hingham to provide support in various situations. Rocket and SRO Brienze were also celebrity judges in the 2022 Needham Holiday House Tour.

SRO Brienze runs Officer Rocket's social media pages and interacts with the community there and attend various community events inside and outside of schools with Officer Rocket to speak about his role. They visit all the schools in town, Needham BI, nursing homes, and Center at the Heights as well as other town events such as the craft fair, TOPSoccer practices and various NHS sports games. They often partner with various town agencies and utilize Officer Rocket to help promote programs.

Detectives

During 2022, the Detective Division was assigned cases for follow-up and investigation. These assignments include both Part A (i.e., drug offenses, burglary, assaults, sex offenses) and B crimes (ie check fraud, peeping tom), attempts to commit a crime and other situations which may not have amounted to a crime but required further investigation. Due to the complexity of the case many had multiple Detectives assigned to them.

During the year, detectives investigated a range of crimes including but not limited to, identity theft, unemployment fraud, breaking and entering, robbery, armed assault, mail fraud, civil rights crimes and death investigations. Through these efforts Detectives have worked with our regional police partners, State Police, Federal Agencies including the FBI, DEA and Secret Service, as well as prosecutors in the District Attorney's office, the Massachusetts Attorney General's Office and the United States Attorney's office. Often, Detectives work with these other agencies to address crimes that increasingly extend beyond local boundaries and incorporate complex technical skills.

Needham Detectives are also members of the Norfolk County Police Anti-Crime Task Force (NORPAC). NORPAC provides for multi-agency investigations into drug trafficking, violent crime, and the apprehension of fugitives. The work of the Needham Police Detectives is exemplary and well regarded in the region. It is a credit to each Detective and the professionalism with which they approach their job. The distribution of illicit drugs in the community continues to be a major concern of the Police Department. Detectives were involved in several narcotic investigations which resulted in the arrest of several individuals. The offenses some of these individuals were charged with ranged from possession with intent to distribute marijuana to possession with intent to distribute heroin and fentanyl. Detectives continue to aggressively address the distribution of illegal narcotics through enforcement, education, and community partnerships.

The Detective Division attends quarterly Norfolk County meetings held by District Attorney Morrissey in an exchange of information and investigative techniques to combat the opioid crisis.

In 2022, due to the combined efforts of Needham Detectives and Massachusetts State Police Detectives, Benjamin Walsh plead guilty to a charge of 2nd-Degree Homicide. Walsh was sentenced to twenty-five years in prison.

Also in 2022, Needham Police Detectives and Patrol Officers investigated numerous contractor scams conducted by transient criminals. The scams targeted Needham residents, often elderly, and involved work that was to be completed on homes. The monetary damages of these crimes totaled in the hundreds of thousands of dollars. The investigations resulted in numerous individuals being arrested, charged, and prosecuted for various larceny related crimes.

Detectives were also instrumental in organizing the Department's highly successful Junior Police Academy. The Department, in collaboration with Needham Youth and Family Services, offered a week-long Junior Police Academy for rising 7th and 8th graders. This program is offered free of cost and held at both the Pollard Middle School and the Needham Police Department. Detectives interacted with students teaching them about fingerprinting, crime scene processing and photography.
