

Article 5

Public Facilities Maintenance Program

- This is a recurring warrant article that funds the annual maintenance of public buildings throughout the Town and School Department, including, but not limited to, asbestos abatement, duct cleaning, painting, electrical and mechanical systems, HVAC, lighting, flooring, carpentry work, and other repairs and upgrades.
- Unless circumstances require otherwise, FY2024 funding will be allocated to:
 - Replacing doors and entrances at the Mitchell School and the CATH,
 - Replacing the boiler and repairing the auditorium ceiling at the High School,
 - Replacing flooring at the Newman, Pollard, and Eliot Schools, and
 - Conducting repairs to the Library's community room.
- Also included under this article are planned maintenance programs that use a rotating annual schedule by building, such as duct cleaning at the High School, Mitchell School, PSAB, and CATH, and wood floor refinishing at the High Rock School, Newman School, and High School.

The Select Board unanimously recommends adoption of Article 5
